

AI Challenge

Hello,

Are you a student, hacker, developer, designer? Take part in the [AI Challenge](#) and get the chance to collaborate with **Volkswagen Financial Services** and **Deutsche Telekom!**

You are invited to imagine **innovative ideas for a product** or a **service** that uses **Artificial Intelligence** to make the difference and shape the future.

To do so, you can present your **mind-blowing ideas** in the field of everyday life, corporate life, mobility and machine learning.

The winning teams will have the chance to **come to Paris** and pitch their project to **top CEOs, directors and employees**. Every member of the first team will also win a trip to the destination of their choice (**worth €1,000**).

[Discover the AI Challenge !](#)

To participate you just need to provide us with a **3 to 5-slide PowerPoint presentation** of your solution before **June 4th**, on [Agorize](#).

Good luck !

Agorize's team
