

## Android App Developer

Description: Our team at the Institute of the Environment and Sustainability has developed an air quality app (<https://www.uclahealth.org/Pages/AirForU-App.aspx>). An Android developer is needed to fix a few bugs and make minor changes to the app.

Qualifications: Experience with Android app development and Google Mobile Analytics

Time Commitment: Anywhere between 2-8 hours/week

Compensation: \$15/hour

Contact: Please contact Aanchal Kohli at [aanchal.kkohli@gmail.com](mailto:aanchal.kkohli@gmail.com) with your resume/CV.
