

## **Web Application Developer Intern - Spring 2011**

CBS Television Distribution is seeking interns that have experience with Web Application Development.

Interns should have:

- A working knowledge of PHP Coding and MYSQL Database Development.
- Experience in working with PHP, SQL/MYSQL, ASP, ACCESS, CSS, JavaScript & AJAX

### **QUALIFICATIONS:**

- Available to work 2-3 full days
- Detail-oriented, able to multi-task, and have excellent organization skills
- Motivated individuals that work well under pressure in a fast-paced environment

This opportunity is exclusively available to current students. Interns must be able to submit proof of enrollment in an accredited college/university.

Please list your Spring 2011 semester availability in your cover letter.
