

CDM Smith

CDM Smith is a full service engineering and construction firm and specialize in providing lasting and integrated solutions in water, environment, transportation, energy and facilities to public and private clients worldwide.

Currently their Carlsbad, CA Office is looking to hire an Environmental Engineer on to their team. They are looking for an upcoming Bachelor's or Master's graduate in the field of Civil and Environmental Engineering who also has a strong interest in the water industry. This individual would be assisting on various water based projects performing civil design work utilizing design programs such as AutoCAD.
