

**Undergraduate Curricular Program Updates  
Civil & Environmental Engineering Department  
2017-2018 Academic Year**

**→ C&EE 91 (formerly 101) Statics (4 units, Fall only)**

- This course was renumbered to a lower division course number.

**→ Life Science 7A added to Natural Science list**

- Effective Fall 2017 and forward, the undergraduate Civil and Environmental Engineering program will honor LIFE SCI 7A as a natural science course. Students who take this course will receive credit for completing the natural science requirement as well as fulfilling the Life Science GE requirement.

**Questions? Please visit the Office of Academic and Student Affairs located at 6426 Boelter Hall during drop in hours, schedule an appointment to see a C&EE counselor, or message us via Message Center in MyUCLA.**
