

Cal Water

At Cal Water, our interns will get real-world experience in the exciting world of the water industry. As the third-largest private water utility company, we are looking for the next new star to join our team. Our internships will give you an insider's view of the water industry as well as access to our highly qualified employees and their wealth of technical knowledge and hands-on experience. Come join Cal Water and let us show you how water works! This position will be located in Torrance, CA.

Working in the Engineering department, this position will be responsible for various tasks including:

- Provide technical support for a variety of capital and maintenance infrastructure projects that include complex treatment plants, large transmission / distribution water pipelines, groundwater production wells, booster pump stations, large reservoirs, pressure tanks, and automatic control valves
- Under the guidance of the project manager engineer, work with the Engineering department
 - on larger project implementations to support water distribution system improvements and addressing water quality needs
 - Take a lead role in assigned smaller scale projects completing the design, bidding, procurement, and construction management of the project
 - Special projects requiring technical analysis
 - Present project findings to senior engineering leadership prior to the end of an assignment
 - Other similar duties as assigned

Qualifications:

- Strong work ethic and initiative to drive tasks to completion
- Ability to work successfully in a team environment
- Strong written and verbal communication skills
- Good academic standing (2.75 - 4.00 grade average) with an accredited university
- Commitment to work on agreed-upon set schedule for up to one year or as long as specified for the internship position
- Completion of sophomore or junior year of college and/or university
- Ability to maintain a 2.75 grade average while interning at Cal Water
- Related engineering major to applicable internship.

Deadline to submit resume is Monday, June 6, 2016.
