Posted: Mar 01, 2016

<b>DIVISION</b>	Department of Medical Oncology, City of Hope	<b>POSITION TYPE</b>	Entry-Level Job
<b>NUMBER OF OPENINGS</b>	2	<b>APPROXIMATE HOURS PER WEEK</b>	40
<b>SALARY TYPE:</b>	Hourly wage	<b>SALARY RANGE</b>	\$20-\$23 per hour

### JOB DESCRIPTION

Looking for a recent graduate interested in a medical career who needs clinical medical research experience. Our research program focuses on studies related to cancer and aging, exploring the unique issues that older adults face when undergoing cancer treatment. The research assistant manages multiple research protocols to assure efficiency and regulatory compliance of the protocol. Research assistants have the opportunity to attend clinic and play an active role in patient recruitment. Additionally, the research assistants learn to identify and extract pertinent data from the medical record and comprehend medical terminology. Must have excellent oral/written communication and organizational skills. A 2 year commitment is strongly encouraged. Spanish-speaking candidates highly desired.
