

## ***Community Water Solutions (CWS) Fellowship Program***

***Description:*** Community Water Solutions (CWS) is a non-profit organization that works to bring clean drinking water to rural villages in West Africa by establishing sustainable water treatment businesses. As a social enterprise, the CWS-implemented businesses are owned and operated by the communities that they serve, and use simple, affordable technologies to enable the treatment, distribution and storage of clean, safe drinking water. The maintenance and operation of these water treatment businesses is funded by revenue from the sale of drinking water, while the capital necessary to establish them is generated from CWS' fellowship program and CWS fundraising activities.

Get involved in our Fellowship Program!

<<http://www.communitywatersolutions.org/fellowship.html>>.

We offer this Program in the Winter, Summer & Spring. The Spring Fellowship is unique and is targeted for young professionals and December graduates looking to get more international experience. It will take place in Tamale, Ghana from April 2, 2012 and April 23rd , 2012.

***Application Deadline: December 12 , 2011.***

Please take a look at the link provided above---and definitely take a look at the video! I look forward to hearing back from you!
