

2017 Electrical Energy Storage Applications and Technologies (EESAT) Conference

Dear Students, Staff and Professors,

We are excited to invite you to the 2017 Office of Electricity Delivery and Energy Reliability (OE) annual Peer Review and the 10th Biennial Electrical Energy Storage Applications and Technologies (EESAT) Conference held in San Diego, California from October 9th – 13th!

The conference is an opportunity for guests to engage with and listen to energy storage professionals from the national laboratories, academia, industry and government entities.

We are contacting university students to let them know that Sandia will be recruiting students at the event and are welcoming them for free! For additional information contact Cris Romero at: crirome@sandia.gov

If you could please share this with any students, staff or professors that may be interested, it would be greatly appreciated. Attached you will find a flyer to share and for any additional information regarding the events please visit our website at <http://eesat.sandia.gov/>

We look forward to seeing you in San Diego!

David Schoenwald
Sandia National Laboratories
SNL EESAT Technical Chair

Patrick Balducci
