

Hello!

Interested in working on UCLA's first spacecraft? This NASA/NSF jointly funded nanosat project is looking to recruit for the summer and beyond with paid positions available. This is an incredible opportunity to work on an industry level project with university level mentorship. For more info, please check out our website at elfin.igpp.ucla.edu.

To apply to the project, visit elfin.igpp.ucla.edu/contact/apply/ and follow the instructions there. The application deadline for spring is **11:59 PM April 8th, 2017**.

Thank you for your interest in the project!

Sincerely,

--

Ethan Tsai

ELFIN Project Manager
