*Trinity Consultants *is a nationwide environmental consulting company with particular expertise in air quality issues. Trinity assists organizations in meeting environmental regulatory compliance obligations associated with the Clean Air Act including air permitting, regulatory reporting, air dispersion modeling analyses, MACT applicability and compliance, and ambient monitoring. We are also experienced in other environmental media including water resources permitting requirements, hazardous and solid waste management, and noise analyses.

Our environmental consultants are committed and experienced in delivering top-notch expertise on these issues to clients in a wide variety of sectors. Our nationwide presence translates to project teams that are knowledgeable about local requirements and experienced in negotiating with state agency personnel.

The online resume submission deadline is Friday 9/30/11 at 11:59pm.
