

# Edwards Lifesciences

Edwards Lifesciences would like to invite students to submit their resume for consideration for one of the engineering New Grad programs with their company. Edwards will be coming to the UCLA campus and the resume deadline for the on campus interviews is 10/18/10. We would appreciate it if you could pass along the email below to students. Thank you.

Attention HSSEAS Students:

Edwards Lifesciences offers two competitive career paths for engineering new graduates and invites students to submit their resume for consideration during our on campus interview sessions. You must submit your resume through the UCLA Career Center by 10/18/10.

Visit: <http://www.aftercollege.com/ads/bannertrack.asp?id=4942> and log in to your **\*\*BruinView\*\*** account. Search for the Edwards Lifesciences Engineering New Grad posting and apply.

The Technical Development Program (TDP) is an 18 month rotational program that gives you the opportunity to explore different business units and functions within Edwards. The University Engineering Program is an exciting opportunity to launch your career directly into an engineering role within one of our various business units.

When you apply, you'll automatically be considered for both programs. Due date is 10/18/10. <http://www.aftercollege.com/ads/bannertrack.asp?id=4942>

About Edwards Lifesciences:

Edwards Lifesciences is the global leader in the science of heart valves and hemodynamic monitoring. Driven by a passion to help patients, the company partners with clinicians to develop innovative technologies in the areas of structural heart disease and critical care monitoring that save and enhance lives. Additional company information can be found at <http://www.aftercollege.com/ads/bannertrack.asp?id=4944>

We look forward to hearing from you.
