2510 W. 237<sup>th</sup> Street #206 Torrance CA 90505

1.310.534.8901 [loydwmartin@yahoo.com](mailto:loydwmartin@yahoo.com)

**Loyd W. Martin Engineering and Design is currently seeking entry level candidates for a training internship that leads to employment.**

Interns will learn how to Design, Engineer, and Inspect Residential Structures. Candidates that are able to successfully apply the training to real world projects shall be given an employment offer.

Typical candidates should have a degree in Civil, Mechanical, or Structural Engineering, Architecture, Interior Architectural Design, Environmental Design, Interior Design, Landscape Architecture or Construction Technology. Applications from students are also welcomed.

This internship / job requires an intense commitment due to the very difficult learning curve that is associated with our profession and practice, long hours and very hard work should be expected.

Training shall consist of the following:

- CAD software competency
- Building Design Skills
- 3d Sketch Up Visualization
- Hand Drawings and Renderings
- As-built measurements and Surveys
- Marketing and Sales Support
- Web Design and Internet Marketing
- Civil and Structural Engineering
- Analysis and Design of Type V Residential Structures
- Architectural Design, Theory and History
- Residential and Commercial Building Code Compliance and Inspection
- Building Technology and Construction Documentation
- Geotechnical and Foundation Engineering
- Special Inspection of Concrete, Steel, Masonry and Wood Structures
- Preparation for the California Professional Engineering Examination
- Preparation for the NCARB Architectural Registration Examination

The initial portion of the internship will provide no compensation, this period will last between 1 -2 months for full time Interns. Subsequently, the candidate will be given compensation on an ever increasing rising scale that is based upon performance and training achievements.

This job is an excellent opportunity for anyone that wants to learn all aspects of Architecture, Civil and Structural Engineering, Construction Technology and Construction Inspection.

Please send your resume to Loyd W. Martin.
