## Energy Efficiency Project Manager – Orange

Founded in 1995, Energy Solutions is an employee owned energy efficiency and demand management engineering, program design and implementation consulting firm. Our mission is to create large-scale environmental impacts for our clients by implementing market-based solutions and developing policies that contribute to these goals. We foster this mission by retaining a talented and committed team, providing a stimulating, healthy and participatory workplace, and emphasizing creative new approaches that maximize the value of our services. With nearly 90 staff, we are honored to serve a diverse range of utility, public agency, commercial and industrial clients.

We are looking to fill an Energy Efficiency Project Manager position in our Orange office. As a member of the Southern California Team work on programs that incentivize the adoption of advanced, energy efficient HVAC, lighting, Demand Response, and related technologies. Your efforts will have a broad impact on energy efficiency markets and greenhouse gas reductions through our work for major California and Southwest utilities, the California Public Utilities Commission, and other national leaders in energy efficiency. This unique blend creates a perfect environment for individuals who want to have an active voice in shaping the energy future in California and beyond.

### **Daily responsibilities include but are not limited to:**

- Overall direction, management, quality control and completion of project deliverables
- Managing project budgets and tasks with minimal oversight
- Communicating project progress to management and clients
- Regular client and market actor interaction

### **Minimum qualifications:**

- A minimum of two years of work experience and/or graduate school
- A technical degree in an energy-related discipline with environmental, electrical or mechanical engineering backgrounds being preferred
- Strong technical writing and interpersonal communication skills
- Demonstrated ability to conduct detailed technical and quantitative analysis
- Extensive experience using Microsoft Office
- Ability to work and thrive independently

Energy Solutions currently has offices in Oakland and Orange, CA and Boston, MA, allowing us to tailor our services to clients based on location. The Long Beach office provides support for our growing Southern California client base. Compensation is commensurate with experience, and includes a generous retirement package. Energy Solutions provides an excellent benefits package, including medical, dental and vision insurance, other pre-tax contribution plans and an Employee Stock Ownership Plan (ESOP). For more information about Energy Solutions, please visit us on our website at [www.energy-solution.com](http://www.energy-solution.com). To apply for this position please go to <https://energy-solution.com/company/careers/>. Information will be requested to perform the compulsory background check and drug screens are required. EOE.
