
Energy Efficiency Associate – Long Beach

Founded in 1995, Energy Solutions is an employee owned energy efficiency and demand management engineering, program design and implementation consulting firm. Our mission is to create large-scale environmental impacts for our clients by implementing market-based solutions and developing policies that contribute to these goals. We foster this mission by retaining a talented and committed team, providing a stimulating, healthy and participatory workplace, and emphasizing creative new approaches that maximize the value of our services. With 90+ staff, we are honored to serve a diverse range of utility, public agency, commercial and industrial clients.

We are looking to fill an Energy Efficiency Associate position in our Long Beach office. As a member of the Energy Solutions team, you will have a broad impact on energy efficiency markets and greenhouse gas reductions through our work for major California and Southwest utilities, the California Public Utilities Commission, and other national leaders in energy efficiency. This unique blend creates a perfect environment for individuals who want to have an active voice in shaping the energy future in California and beyond.

Daily responsibilities include but are not limited to:

- Identification and scheduling of resources to complete projects
- Technology research and literature searches
- Organization and facilitation of in-person meetings and conference calls
- Regular client interaction
- Energy savings calculations
- Assisting with program design and implementation
- Monitoring the progress of projects and communicating progress to management and clients

Minimum Qualifications:

- Bachelor's degree in an energy-related discipline with environmental, electrical or mechanical engineering preferred; or math or physics background
- Competency with technical and scientific topics/analysis
- Demonstrated ability to conduct detailed technical and quantitative analysis
- Ability to work both independently in the field and in a team environment in the office
- Strong technical writing and verbal communication skills
- Experience using Microsoft Office
- Must be willing to travel within California

Energy Solutions currently has offices in Oakland and Long Beach, CA as well as Portland, OR and New York, NY, allowing us to tailor our services to clients based on location. The Long Beach office provides support for our growing Southern California client base. Compensation is commensurate with experience, and includes a generous retirement package. Energy Solutions provides an excellent benefits package, including medical, dental and vision insurance, other pre-tax contribution plans and an Employee Stock Ownership Plan (ESOP). Please email a cover letter with your available start date and your resume to jobs@energy-solution.com. For more information about Energy Solutions, please visit us on our website at www.energy-solution.com. Information will be requested to perform the compulsory background check and drug screens are required. EOE.
