

PROJECT GREEN LEADERSHIP ENGINEER DAY 2017

We're inviting local environmental, chemical, and civil engineering students to the Hyperion Water Reclamation Plant to learn about career opportunities at LA Sanitation. Hear from recent hires and program managers, gain valuable interviewing skills, and learn about our vast network of exciting projects across the City of Los Angeles. Refreshments will be served. Preference will be given to juniors and seniors, but all are welcome.

Networking & Coffee

Meet your fellow engineering students and our talented team

Solid Resources

Presented by Reina Pereira and Katie Andrino

Clean Water

Presented by Christine Heinrich Josties and Javier Dennis
