

## ***Entry-Level Engineer***

***Do you have a customer service centric vision? An uncompromising dedication to excellence?***

***Do you want to work in a fast-paced, team focused company? Do you love all that is drinkable, hot and cold?***

*Schaerer USA, a wholly owned subsidiary of Schaerer AG in Switzerland, is the largest provider of cool automated espresso and coffee machines in North America. We're taking over America one cup of coffee (or espresso) at a time, experiencing tremendous growth along the way! Tea drinkers are encouraged to give us a try as well!*

**The Technical Key Account Manager Trainee** is an essential part of our team, who will contribute to the company's long-term success. This role is ideal for a highly motivated and proactive recent engineering graduate.

**Duties include but are not limited to:**

- Evaluation of new machines/equipment data validation and reporting.
- Project based for prototypes development of parts.
- Develop technical documentation for customer presentation
- Cross functional partnership with technical analyst, sales/marketing and product management.
- Eventual move to presenting to customers.
- Profiling/creating machine configurations.

**We are looking for an Entry Level Engineer with the following:**

1. Degree B.S. in engineering, food science preferred. Hard sciences okay.
2. Proficient in MS Office
3. Excellent public speaking skills
4. Adobe Suite skills preferred

5. Feels comfortable working in a cross functional team

6. Must be able to travel internationally (in future)  
50%

*We offer a competitive compensation package, 401K, Health Benefits, PTO, etc...*

*Not to mention, all the espressos you can drink!!*

**The next step in the process for the Entry Level Engineer is to complete a Culture Index Survey. In addition to reviewing applicant's qualifications and experience, the Culture Index Survey helps us better understand overall "fit" and how individuals prefer to be managed, motivated and communicated with. Please copy and open the following link into your browser and press enter.**
