

Fisker Automotive

Fisker Automotive has several positions in our Electrical Engineering Department. We have positions at all levels from intern to entry level to director level and in between. We are located in Costa Mesa California with a manufacturing plant opening in Moreno Valley, CA early next year. Feel free to send your resume if interested or to apply online to the careers link below. You can see the position descriptions there but we are also looking for positions not yet added to that list so please don't be hesitant to apply if they are not an exact fit to the position.
