

## GREEN Summer Program

Twelve days, five forms of renewable energy, action-packed adventures, cultural immersion and memories for a lifetime ...

The GREEN Educational Adventure Program gives motivated students a chance to travel to Costa Rica, the epicenter of renewable energy and sustainability, to gain a hands-on educational experience while enjoying the rich culture and helping change the world. To give you a better idea of the GREEN Program, please view our program video at: [www.greenworknow.com](http://www.greenworknow.com)

Through a rigorous curriculum and exclusive access to renewable energy technology, this ground-breaking program helps students of all majors to bridge the gap between traditional textbook learning and accelerated career development.

Students who attended this program in the past have cited it as "one of the best experiences of their lives". See what GREEN Alumni

Some have returned to Costa Rica for summer internships in the renewable energy sector. Others applied their experiences to succeed in internships and jobs in the United States at leading companies such as General Electric, Bechtel, the USDA, EPA, USPTO and more.<<http://visitor.benchmarkemail.com/c/1?u=7CB426&e=1348E4&c=252B9&t=0&l=1E8F6C1&email=OybsmuFE9Y3WmOqMD2FWv5A28zhG2X52>>
