

## Global Renewable Energy Education Network (GREEN) Summer Program\*

Description: The Global Renewable Energy Education Network (GREEN) is a once in a lifetime, 12-day educational adventure in Costa Rica, where students learn the ins and outs of renewable energy, business, environmental policy, green building and sustainability, while also experiencing daily adventure excursions and cultural experiences. In short, on this highly selective program, learning and adventure become one, and the fun never stops!

Please feel free to read more about GREEN below or at [www.greenworknow.com](http://www.greenworknow.com).

If this seems like an opportunity you and your organization may be interested in, please feel free to forward the attached e-mail below for more information about this program and the prestigious opportunities it holds for your members along your member list serve.
