Open to All Majors

theGREENprogram.com

The GREEN Program enhances your understanding of the Renewable Energy and Sustainability industries by taking you outside of the classroom and into the field. By gaining exclusive access to different Renewable Energy facilities in Costa Rica, you will receive the hands-on experience you need to accelerate your career. The GREEN Program provides a perfect balance of interactive online modules, engaging group discussions, and exclusive facility visits to inform, engage, and inspire students of all majors.

The GREEN Program is a 12-day experience which combines education, adventure, and cultural immersion that creates a lasting impact and helps you accelerate your career.

GREEN's post program benefits allow like-minded students to stay connected through the GREEN Alumni Network. The Network provides Alumni access to internship and job opportunities, as well as industry events.

To gain a better understanding of The GREEN Program visit our website at www.theGREENprogram.com.

Due to high demand, spots on each program are limited to 20 students. Submit your application for the program dates below.
