

## **LAB SAFETY OFFICER**

UCLA Environment, Health & Safety  
Requisition 17857

As one of America's finest universities, UCLA has a tradition of advancing higher education and the common good through excellence in scholarship, research and public service. UCLA is California's largest university and a model for public institutions of higher education. Academic excellence, faculty distinction and a comprehensive curriculum are hallmarks of the UCLA experience. The university is an educational and architectural landmark in Los Angeles, attracting thousands of visitors and scholars each year.

The Laboratory Safety Officer will administer health and safety programs within several scientific research departments, including School of Engineering, and several Physical Sciences Departments. Assist with the implementation of the comprehensive safety and chemical waste management programs for these departments. Perform safety inspections of laboratories, shops, storerooms and other common use rooms, including the Nanolab facility. Assist with the development and implementation of laboratory health education programs, chemical waste management programs, chemical emergency response policies and procedures, dissemination of information and technical guidelines on waste management procedures, and campus policies and procedures for laboratory health and safety. Coordinate departmental compliance with the Chemical Hygiene Plan, Hazard Communication Program, Injury and Illness Prevention Plan, Carcinogen policies, Laser Safety Standards and other State and Federal Standards. Serve as a member of the UCLA Hazardous Materials Response Team (HazMat).

The complete listing of qualifications is available on UCLA's official job posting.
