

## **Lightspeed Summer Internship**

Spend the Summer at Lightspeed!

Are you an aspiring entrepreneur looking for the resources, guidance, and connections to get your venture off the ground? Lightspeed Venture Partners IX, L.P. is offering summer fellowships to support entrepreneurship and innovation among highly motivated engineering and CS students.

Each winning team will receive \$5,000 per team and \$10,000 per team member, mentoring by one of Lightspeed's investment professionals, as well as office space at Lightspeed's office complex in Menlo Park, CA throughout the summer of 2012.

Think of it like a scholarship. We provide resources, mentors, and guidance; you pursue your venture free and unfettered. Fellows are under no obligation to Lightspeed, and Lightspeed receives no equity as part of the program.

Applications are due March 2, 2012. Winners will be announced 4 weeks later.

For more information about the program, past winners and the application please visit:
