JOB DESCRIPTION

In conjunction with the Interface Manager, the Interface Engineer is responsible for the full execution of interfaces from setup to end user support. The ideal candidate has a degree in Computer Science or Information Systems, knowledge of C# .NET programming and SQL, experience with interfacing medical devices, experience developing interfaces with laboratory systems, and an understanding of the medical/clinical workflow. Candidates must have strong technical and analytical skills and good communication skills.

RESPONSIBILITIES

- Sets up, installs, and tests existing and/or developed interfaces
- Develops interfaces to other medical information systems
- Regularly and directly assists the Interface Manager in all aspects regarding the interface
- Trains and supports end users on how to use developed solutions
- Delivers complete projects in a timely manner
- Clearly and effectively communicates with clients, other developers, and management
- Documents interface source code, installation procedures, and requirements
- Drafts user manuals and support manuals related to interfaces
- Performs other duties as assigned

QUALIFICATIONS

- Associate's degree in a technical field required; Bachelor's degree in Computer Science or Information Systems preferred
- Knowledge of C# .NET programming and SQL a plus
- Experience with interfacing medical devices, experience in developing interfaces with laboratory systems, and/or an understanding of the medical/clinical workflow a plus
- Strong interpersonal and communication (written and verbal) skills are required
- Basic business math skills required
- Strong analytical skills and the ability to think outside the box
- Fast learner and self-educator
- Strong personal computer literacy is required, including proficiency in Word, Excel, PowerPoint, the internet, and other appropriate software
- Eager to learn new technology and languages
- Up to date with the latest industry standards

BENEFITS

- Vacation
- Paid Sick Time
- Floating Holidays
- Medical Insurance
- Dental Insurance
- Vision Insurance
- Life Insurance
- AD&D Insurance
- Long-term Disability Insurance
- 401(k) Savings Plan with Employer Matching Contribution
