

Morley Builders is looking for an intern to assist our general contracting team at the UCLA Edie and Lew Wasserman Building. The project is a six-story, 100,000 SF, steel and concrete structure adjacent to the Jules and Doris Stein Buildings. Typical responsibilities include shop drawing and submittal review, generating and tracking RFI's, field project engineering, scheduling and schedule updating, subcontractor coordination, pricing, budgeting, and quantity surveys. Potential candidates should have a strong interest in construction, a background in civil engineering, and be able to commit to a 20-hour work week.

Morley Builders is owned by its nearly 200 employees. One of Southern California's largest general contractors, Morley Builders contracts its services through two wholly-owned subsidiaries, Morley Construction Company and Benchmark Contractors, Inc. Our corporate office is in Santa Monica and the firm is very active in our local community.

In business for over 60 years, Morley has a diverse portfolio of work including major civic structures such as the Cathedral of Our Lady of the Angels, the expansion of the California Science Center, the Santa Monica Main Library, and the renovation of the Getty Villa; educational and research facilities; parking structures; commercial, retail, medical, and healthcare buildings; and multifamily residential complexes. Morley is experienced in design-build, seismic strengthening, preservation, modernization, and LEED® rated / sustainable projects.

Potential candidates should apply for this position by sending a letter of interest and resume to Michele Prata, Senior Project Engineer, at mprata@morleybuilders.com.
