

GET AN ON-CAMPUS PAID INTERNSHIP TO DEVELOP LEADERSHIP AND MANAGEMENT SKILLS THAT EMPLOYERS AND GRADUATE SCHOOLS ARE LOOKING FOR!

The National Society of Leadership and Success is the largest leadership society in the country with over 470 chapters nationwide and over 450,000 members. The Society provides success and leadership programming for college students. Society membership provides students with the professional leadership training needed to gain a competitive edge in the employment market. In a 2014 national survey of Society members, 97% said the Society has made it more likely they will achieve their life goals, and 97% said the Society has made them more likely to land the job of their choice. While many chapters are established through an administrator or affiliated with a specific department, the Society also provides a developmental opportunity for outstanding student leaders to establish their own leadership program on campus.

This two-semester paid leadership internship is for students of any major who want to develop real world skills in management, budgeting, communication, public speaking, marketing, and event planning. Reporting to a Student Program Director at our National Office, your role as an intern is to source and manage a team of student leaders to effectively plan a series of life-changing events on your campus. These responsibilities range from recruiting an advisor and executive board to researching and submitting any necessary paperwork to become a registered student organization or become affiliated with a specific department. The successful candidate will have strong communication and leadership skills. This internship is open to freshmen, sophomores, and juniors only. This internship is conducted on campus.

What are some of the benefits of being a Society Intern?

- **Gain real world experience and receive a \$1,500 stipend**
- **Attend an all-expenses-paid leadership training retreat**
- **On-campus internship with flexible hours around class schedule**
- **Develop the essential leadership skills employers and graduate schools are looking for**
