

PAID INTERNS WANTED!!!

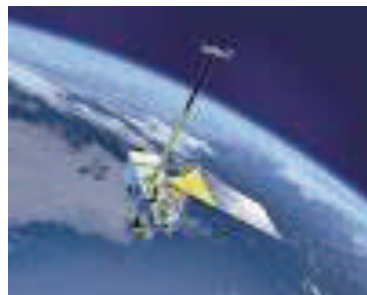

Would you like a great opportunity to work with the latest in Science and Technology?

Join the Navy's premiere science and technology team and work at the Naval Surface Warfare Center, Corona Division, and intern for the Measurement Science Department (MSD). MSD is the Navy's Metrology and Calibration Scientific and Technical Agent and is looking for interns for the Ocean and Space Systems Division.

Are you a graduate, senior or junior in science and engineering field? Want a summer or year-round internship that can be a gateway to exciting scientific discoveries and a lucrative career? Send your resumes to Donnel Okamoto at donnel.okamoto@navy.mil by April 13, 2012.

Must be a U. S. Citizen.
