

Physical Sciences Lecture Series: Life After the Degree

"Science & Industry: Breaking in & Climbing the Ladder"

A lecture series aimed at educating students on career options beyond the scope of traditional scientific research.

Thursday, May 24, 2012

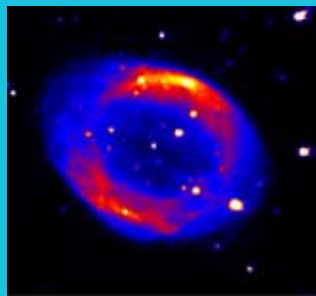

4:30 p.m. Panel Discussion followed by Q&A

6:00 p.m. Reception

California NanoSystems Institute Auditorium

Hear from a panel of UCLA alumni who have applied their science background to achieve success in a variety of industries. Learn what it takes to make it by honing scientific expertise, business acumen, leadership, and communication skills.

Moderator: Susan Baumgarten

BA Mathematics (1973), MS Engineering (1976),

MBA Anderson School (1979)

Executive in Residence for Technology, Anderson School
Corporate Vice President (Retired), Raytheon

Panelists:

Taruna Arora, Former UCLA Postdoctoral Fellow

Owner, RST Biotechnology

Former Principal Scientist and Group Leader, Amgen

Eric Daly, MS Statistics (2005), MBA Anderson (2001)

Vice President, Research, Sony Pictures Home Entertainment

John Donald, BS Applied Mathematics (1995), MA Mathematics (1997), PhD Mathematics (2003)

Manager, Proactive Analysis Monitor, Yahoo! Inc.

Thomas King, BS Math-Computer Science (1979)

Manager, Software Development, Xerox Corporation

Tatiana Vinogradova, PhD Physics (1999)

Senior Technical Fellow, Northrop Grumman

Seating is limited. Please RSVP to Desirae Vanek no later than May 21, 2012 at: dvanek@support.ucla.edu. Please include PSLS RSVP in the subject line and indicate your department, expected degree and degree year in the body of the email.
