

Paid Part-time Opportunity!

We are looking for a student to join our team for the UCLA Parkinson's Environment and Genes (PEG) study. The PEG study is a longitudinal study initiated in 2001 conducted at the rural area of California. We are now looking at the effects of gene environmental exposure interaction, as well as lifestyle and other factors, on the progression of Parkinson's disease. For more information on the PEG study, visit www.ph.ucla.edu/peg.

Position Details:

- We are looking for:
 - Educational background in relevant field (Computer Science, etc.)
 - Experience with Windows and Mac Operating Systems
 - Familiarity with basic computer parts (Hardware, software, etc.)
 - Ability to maintain electronic equipment
 - Ability to install/troubleshoot software applications
 - A quick learner, a self-starter, and a team player
 - Strong attention to detail
- Nice-to-haves
 - Familiarity with Microsoft Word, Excel, and Access, and database management
- 5-20 Hours per week
- Pay will be based on experience

If you are interested in this opportunity, please send your resume to irishcdr@ucla.edu or call 310-267-2645.
