PhD – Full Time Wastewater Process Engineer Milwaukee, Wisconsin

Symbiont, headquartered in Milwaukee, Wisconsin, is a multi-disciplined, employee-owned engineering and consulting firm that offers challenging and rewarding growth opportunities to our employees. Our Company has been evaluated by our own employees in surveys that have resulted in several annual awards of Top Work Place by the Milwaukee Journal Sentinel. Symbiont is recognized for designing and building high quality water/wastewater treatment systems as well as environmental consulting. Our portfolio of turnkey design/build projects includes several innovative waste-to-energy wastewater treatment systems.

Symbiont's client base includes multiple Fortune 100 companies, municipalities, and state agencies many of which have been repeat clients for decades. Symbiont's industrial clients are located throughout the United States and include top-brand brewing, beverage bottling, and food/dairy companies. Symbiont's municipal clients are generally located in Midwestern states such as Indiana, Illinois and Wisconsin. We are a growing company with career advancement opportunities for engineering specialists who thrive on unique engineering challenges and dedicated customer service.

We are currently seeking a PhD in Civil/Environmental Engineering with one to ten years of experience involving the modeling and design of industrial and municipal wastewater treatment plants. Experience or research with biological treatment systems, including anaerobic systems designed for nutrient removal is required. Consulting experience is preferred but not required. A licensed professional engineer, or the ability to obtain licensure within one to five years of start date, is required.

Assignments will involve water and wastewater treatment planning, process modeling, process selection, design, construction engineering, startup assistance, and operations assistance/troubleshooting.

Symbiont offers a competitive salary and benefits package. Qualified candidates should submit resume and cover letter via email to resumes@symbiontonline.com The subject line of your email should be: Last Name, First Name, Job Number.
