WHO ARE WE?

Eta Kappa Nu (HKN) is the Electrical and Computer Engineering Honors Society at UCLA. HKN is a unique organization dedicated to encouraging and recognizing excellence in the electrical and computer engineering fields. Through a variety of service programs and leadership training, student members develop lifelong skills that earmark them for prominent positions in industry and academia.

ACADEMIC ADVANCEMENT

HKN offers tutoring Monday through Friday during weeks 3-9 in a multitude of subjects. Members also put on review sessions for electrical engineering class midterms and finals throughout the quarter. The club also hosts workshops in programs such as MATLAB, Verilog, and Cadence. The workshops cover important material and are beneficial to electrical engineering and related majors.

PROFESSIONAL DEVELOPMENT

HKN hosts many professional development events throughout the year. The club regularly has resume reviews and interview workshops to prepare for engineering and technical career fairs. During fall quarter, HKN organizes the Electrical and Computer Engineering Career Fair, inviting many companies for networking. Every quarter, HKN organizes professor lunches, inviting electrical engineering faculty to talk about research, graduate school, and courses.

SOCIAL EVENTS

HKN organizes many social events for our members each quarter. Together, our members have group dinners, play intramural sports, host movie and game nights, and many more.

Tutoring M-F 10:00 - 5:00 PM, Weeks 3-9
