

Position: Web Developer

We are a 360° media production company and are seeking dynamic and ambitious individuals to collaborate on designing, building and launching an exciting social network oriented project within a few months.

We are primarily looking for web experts (e.g. PHP, HTML, etc.)

You will have the ability to work remotely from home.

Requirements:

- **Proficiency in PHP**
- **HTML**
- **CSS**
- **Able to work 15-20 hrs/week**

Helpful skills:

- Adept in Scala or Ruby

Pay: \$15/hour

Qualified candidates please forward your resume to Taron Lizagub at taron@rootsent.com
