

Rube Goldberg machine

What: Rube Goldberg machine performs a simple task in the most complicated way possible. Team of 5-8 will spend 3 hours building a machine using common everyday items. Come and experience the excitement of engineering with your friends and win prizes! We will also pair you up with some great people if you cannot form a team of 5. Follow tau beta Pi on Facebook to learn more about the competition.

When: February 28th (Sunday) 2016. 12:30PM-6:00PM

Where: Student Activities Center Gym

Registration:

early bird: January 31st 11:59PM [free t-shirts for all team members]

Deadline: February 7th 11:59PM [3 free t-shirts]

Registration fee:\$30 per team
