Here are the positions we are hiring:

Software Engineer

<http://jobs.showmedia.com/apply/9H47Ya/Software-Engineer.html>

As a Software Engineer at Show Media, it's all about ownership and innovation. You will have the opportunity to work on all aspects of our digital advertising network - from backend framework to client side software. You will work in PHP, Java, Javascript, and of course, you will be able to get your hands dirty with UI/UX design as well.

Quality Assurance Analyst

<http://jobs.showmedia.com/apply/AXIMOU/Quality-Assurance-Analyst.html>

One word: bug-hunter. As QA, you will be working to break the code of our world class engineering team. That said, it of course will take a world class QA to do that. You will be working with software life cycle management software, advance bug tracking tool, and will focus on bringing lots of automation into the workflow.
