

We're growing!!! Solutions-IES is in need of environmental consultants at ALL levels of experience.

What we do:

- Exciting, ground-breaking projects
- Environmental risk assessments and remediation, for both government and manufacturing
- Research and development of innovative technologies
- Phase 1 ESAs
- Brownfields
- Compliance and regulatory support

What we offer:

- Great benefits
- Flexible schedule
- Teaming with leaders in their fields
- No "pigeon-holing" of expertise
- In-house training

Needed: We're looking for dedicated professionals that have great communication skills, are interested in learning and enjoy being the best.
