

Student Engineer Position

The Port of Los Angeles is seeking to fill a Student Engineer position in the Construction and Maintenance Division. The Student Engineer position assists Engineering and Management staff in the preparation of engineering plans, standard operating procedures for high/low voltage operations, schematics, charts, reports and other related duties. The ideal candidate will be pursuing a Bachelor's or Master's degree in Electrical Engineering, maintain at least a 3.0 GPA, and have at least one year of experience assisting engineering staff in the preparation of electrical plans and schematics.

Student Engineers may work a maximum of 20 hours during the academic year and may work fulltime during winter and summer break.

All interested candidates may submit a resume for consideration to Stephanie Holloman, Career Development Officer at sholloman@portla.org <mailto:sholloman@portla.org> or by fax at (310)834-8248. Resumes will be accepted until _Friday, February 17, 2012_.
