

## **Job Posting: Telemetry Nurse**

### Company Description

Intelli-Heart Services is a California based medical device company that works with hospitals and physicians across the country to provide the most innovative heart monitoring solutions on the market. We are an innovative, vibrant company looking for dedicated individuals to join our growing team! Currently, Intelli-Heart is the only Remote Cardiac Monitoring company to be performing true, hospital-grade, Outpatient Telemetry Services. We are looking for nurses to join our EKG department, with the opportunity for quick growth into a managerial position. This opportunity is a great step into Telemetry Nursing.

### General Job Duties

As a part of the Telemetry Department, you will play an integral part in our growth and success as a company. You will gain valuable clinical experience as well as interact daily with patients, nurses, and physicians. General job duties include:

- Handling incoming calls from patients, nurses, and physicians
- Patient Training
- Troubleshooting with patients
- Recording patient symptoms
- Recording and communicating critical patient events to physicians and nurses
- Daily auditing

### Qualifications

- BSN, RN, MSN preferred
- Excellent customer service skills
- Well organized
- Attentive to detail
- Ability to multi-task in a fast paced environment under minimal supervision
- Elevated writing and communication skills
- Demonstrates a positive and team player approach
- Demonstrates a self-driven attitude
- Willingness to learn and grow with the company
- Punctual
- Trouble Shooting and critical thinking skills
- Ability to adapt to an innovative environment
