

Student Submissions Sought for TeraGrid 2011

Deadline for submissions: June 3, 2011

Travel support is available!

High school, undergraduate, and graduate students are invited to participate in the 2011 TeraGrid conference, TeraGrid 2011: Extreme Digital Discovery (<<http://www.teragrid.org/tg11/>> www.teragrid.org/tg11/), which will be held July 18-21 in Salt Lake City, Utah.

Student poster contest: How do you use computational science to solve science, engineering or mathematics problems? Let us know by submitting a poster that demonstrates your models, simulations, or visualizations. Awards will recognize the best poster in each of three categories: high school, undergraduate and graduate.

Student research papers: You can be one of three students acknowledged as a TeraGrid Emerging Scientist. How? If you are an undergraduate or graduate student and are working on a research project that uses TeraGrid or Open Science Grid resources, we encourage you to submit a paper that describes your research. Submit your paper to the Student Paper Track for review.

Travel support will provide: domestic airfare, hotel accommodations, (two students per room) and conference registration.

Deadline for student submissions: June 3, 2011

Submit: go to <http://www.teragrid.org/tg11/submissions>
