

STUDENT ENGINEER PROGRAM

Job Application

Check the location you are applying to
Bishop
Los Angeles

The Los Angeles Department of Water and Power is looking for engineering students to assist engineers with full-time summertime or part-time academic year work. This is a great opportunity for you to get diverse kinds of engineering experience before your graduation, to learn how a modern utility operates, to serve your local community and to get paid while doing so!

Name: _____ E-Mail Address: _____

Address: _____

Home Phone Number: _____ Cell Phone Number: _____

Other (Describe)	

How did you find out about the LADWP Student Engineer Program? _____

Attach a resume which shows engineering, computer, math and science classes completed and the grade earned, and any relevant work experience. Please include a list of classes in which you are currently enrolled.

APPLICANT ELIGIBILITY REQUIREMENTS
For Interested Engineering Students

1. Be currently enrolled as a full-time student as a declared engineering major in a university or college, or community college.
2. Have at least 30 semester or 45 quarter units completed at the time of appointment.
3. Have career goals, curriculum, experience, and/or interests related to the business of LADWP.
4. Have the ability to communicate effectively in English, both orally and in writing.
5. Be a United States citizen or have the legal right to work in the United States
6. A California Driver's License may also be required for the job.

You must attach a resume which shows engineering, computer, math and science classes completed, the grade earned, and any relevant work experience.

You may attach a separate course listing, such as an unofficial transcript with engineering courses highlighted. Other documents, such as a cover letter or letter of recommendation, are optional.

Applications must be received by *March 9, 2012*
Students will be notified of selections by *April 5, 2012*

Send application and attachments (scanned as a single .pdf attachment) to Lee.Turner@ladwp.com or mail to
