Tiger Text starup mobile app and web engineering Intenrships

Hot Santa Monica startup, looking for the best and the brightest mobile app and web engineering interns!

Get valuable work experience and set yourself up for your first job out of school.

TigerText (www.tigertext.com) launched in February of 2010 and was most recently featured on:
- TechCrunch (http://techcrunch.com/2010/09/28/tigertext-raises-1-9-million-for-private-mobile-texting-network/)
- Wall Street Journal (http://on.wsj.com/tigertextpro)
- CNN

TigerText is building the next generation real-time mobile communication network and is looking for a few great people to join the team. A few of the opportunities we are hiring for:

- Android Developer
- iOS Developer
- Web Developer (Python, Rails, .NET, Java, HTML5, CSS, Javascript)
- XMPP Developer
- Web Designer (HTML5, CSS, Javascript, Photoshop, etc)
- Big Data (Hadoop, NoSQL, Java, etc)
- Operations (Linux Sys Admin, Deployment Scripts, EC2 experience, etc)

TigerText is available worldwide to anyone with an Android, iPhone, BlackBerry and Windows 7 mobile phone. TigerText also provides an enterprise edition called TigerTextPRO for companies needing their own private, secure mobile network at a fraction of the cost of existing mobile solutions today.

Please contact jobs@tigertext.com if you are interested in applying for one of the intern positions.
