

## **Job: Credit Wizard – Software Developer**

Software developer needed to build basic first version of Credit Wizard, a transformative, early stage FinTech platform founded by UCLA alumni. This is a freelance job (current students welcome), with the potential to grow into a full-time job as our first developer (equity + salary), in the next year. Python, Java, or C experience preferred. Please email resume and a brief statement of experience to [shiva.g.bhaskar@gmail.com](mailto:shiva.g.bhaskar@gmail.com)
