

Zehner Group Internship Opportunity

Zehner Group <<http://www.zehnergroupp.com/>> is an award winning custom web/app design and development agency out of Los Angeles.

We are constantly looking for bright minds in the coding and developing areas and would much appreciate if you could point us in the right direction at UCLA. We have a very robust internship program as well as potential employment needs, depending on skillset and experience level.

We are specifically looking for iOS Developers and those interested in the field.

Requirements:

- Experienced iOS iPhone/iPad development
- Mac App development experience is a bonus
- Objective-C, Cocoa, ImageKit
- Familiar with version control systems such as Git/Hg/Svn
- At least 2 years of experience in application development and UI programming
- Know well how to write applications to consume RESTful Web Services
- Have worked in at least one real (in-production) application.
- Django or Rails development is a bonus

Ability to take ownership

- Comfortable collaborating with designers, front-end developers and other team members
- Object-oriented design and development strategies
- Web services experiences is a bonus

Perks

- Creative environment
- Energetic and knowledgeable team

This is an exciting time in the company. We are growing significantly and are currently working on a number of internal projects that will provide candidates with significant exposure into the world of developing, start-ups and agency life.
